REMARKS

Statement of Substance of Interview

[0001] Examiner Lu graciously met with Jim Banowsky and me—the undersigned

representative for the Applicant—on Dec. 10, 2007. Applicant greatly appreciates the

Examiner's willingness to talk. Such willingness is invaluable to each of us in our

common goal of an expedited prosecution of this patent application.

[0002] During the interview, we discussed distinctions between the cited art (Becker

and Ushijima) and the claims submitted in the RCE filed 10/12/2007, particularly claims

1 and 19. We also discussed the §112 rejection. I understood the Examiner to indicate that

the submitted clarifying claim amendments appeared to overcome the §112 rejection and

that an updated search would be performed regarding the claims submitted.

Respectfully Submitted,
